

VISUALIZING OUR COMMITMENT TO SAFETY

We are committed to creating a safe environment for all who dine on campus. As we prepare to welcome back the Marian community, here are a few highlights of the precautions we've implemented:

- Traffic patterns and seating areas are adjusted to promote physical distancing.
- Self-service areas are eliminated to reduce high-touch points
- Hand sanitizer is readily available to patrons and team members in all locations
- Take-away container options are available
- The frequency for cleaning and sanitation of high-touch areas has increased
- Appropriate personal protective equipment (PPE) and precautions are in place for all team members (this includes facial covering and health assessment)
- Physical barriers at cash registers and other food pickup areas, where maintaining a physical distance of 6 feet is difficult, are in place.
- Although our traditional guest restaurant program was temporarily discontinued, we are working with a few partners to provide products and service on alternative dates and times throughout the semester
- Mobile ordering and touchless payment options are available
- Program will continue to operate in accordance with university, local, state, and national directives to mitigate the risk of COVID-19 transmission
